

ThinkBook 14 2-in-1 G6 IPL

With smart efficiency features and enhanced user experience, the lightweight and reliable Lenovo ThinkBook is the perfect on-the-go productivity companion for modern professionals. Powered by the Intel® Core™ Ultra 5 / 7 Processor (Series 3) with up to 50 TOPS NPU, this intelligent convertible delivers ultra-efficient multitasking. Lenovo's smart power optimization intelligently balances energy use for improved efficiency and longer battery life, allowing the 60Wh battery to keep you powered up on the road, in the field, and at the café. The scalable memory of up to 32GB DDR5-5600 and up to 1TB SSD storage make this device adaptable to the evolving needs of expanding business.

Redefining possibilities with powerful performance and groundbreaking on-device AI

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

Experience built-in intelligent software, including Smart Connect to bridge the digital gap between your devices and Smart Meeting for AI-powered audiovisual features. The communication and accessibility features of the Copilot+ PC enable real-time Live Captions with translation ideal for global teams, along with video call enhancements with Windows Studio Effects for more engaging interactions.

Engineered to inspire, this slim and light convertible boasts an all-metal chassis and a new dual-tone aesthetic. The 14" WUXGA display features a tall 16:10 aspect ratio, giving you more vertical space for documents, spreadsheets, and multitasking on the go. Additionally, the optional new Lenovo® Pen Gen 2 securely attaches to the A cover.

The ThinkBook's 360° hinge enables seamless transformation between laptop, tent, and tablet modes, providing versatility and convenience for professionals. This flexibility allows users to effortlessly switch between workspaces, whether at home or in the office, maximizing productivity without compromising on space.
