

ThinkPad L13 2-in-1 Gen 6 (Intel)

Introducing the new-gen ThinkPad engineered for modern business professionals who demand performance, portability, and reliability. Whether you're multitasking across demanding applications or collaborating in real-time, the Intel® U Series Core™ Ultra 5 / 7 Processors ensure seamless responsiveness and intelligent workload distribution. Complementing the robust CPU is integrated Intel® Graphics, offering crisp visuals and smooth performance for everyday computing tasks, virtual meetings, presentations, and creative workloads without lag. With support for up to 1TB M.2 2242 SSD storage, the laptop ensures lightning-fast boot times, rapid file access, and ample space for datasets and critical software.

Redefining possibilities with powerful performance and groundbreaking on-device AI

ThinkPad L series laptops offer reliable performance and durability for modern professionals with powerful processors, robust security features, long battery life, and versatile connectivity options, ensuring productivity on-the-go.

The 2W dual Dolby Atmos® stereo speakers deliver high-fidelity audio that enhances everything from video conferencing to multimedia presentations. Complementing the audio experience is a dual-microphone array with Elevoc Voice technology, designed to intelligently filter out background noise while capturing crystal-clear voice, making remote meetings and collaborative work effortless.

On the security front, discrete TPM 2.0 securely encrypts sensitive data and authenticates hardware integrity. For physical security, the 2.5 x 6 mm Kensington® Nano Security Slot™ provides a robust, compact anchor point for locking down your device in shared workspaces.

Experience unparalleled productivity with the high-capacity 54.7Wh rechargeable Li-ion battery that delivers long-lasting performance, enabling you to power through extended work sessions and intensive meetings without constantly searching for a power outlet.
