

ThinkPad P16v Gen 3 (Intel)

Experience top-tier performance with the new-gen workstation, powered by the latest Intel® H Series Core Ultra 9 Processor (Series 2) with Intel vPro® technology and an integrated NPU for superior performance and power efficiency. With discrete graphics options including the NVIDIA RTX PRO™ 500, 1000, and 2000 Blackwell Generation Laptop GPUs, creators, designers, and engineers can harness the latest neural rendering, ray tracing, and AI technology – anytime, anywhere. Supporting up to 96GB (2x 48GB DDR5 CSODIMM) memory enables seamless execution of complex workflows, including 8K video editing, large-scale 3D rendering, CAD simulations, and multi-application environments.

Elevate Professional Endeavors with Powerhouse Workstations

Designed for business users who tackle compute-intensive workflows. With professional-grade graphics and powerful, multi-core processors, Lenovo sets the standard for mobile workstations and ensures best-in-class reliability even when you're away from the office.

This workstation boasts a sleek, new chassis design with a stunning 16" WQUXGA display option. With ultra-narrow bezels and an exceptional 100,000:1 contrast ratio, it delivers both elegance and durability. For professionals requiring precise visuals, it also offers an optional 100% DCI-P3 color gamut, ensuring unmatched color accuracy and vibrancy.

With up to 96GB of memory (2x48GB DDR5 CSODIMM), users can seamlessly handle large datasets, complex spreadsheets, and multiple resource-intensive applications simultaneously, without noticeable slowdowns or performance bottlenecks. Additionally, up to 4TB SSD storage ensures faster loading times for statistical and other demanding software applications.

NVIDIA® RTX PRO 500, 1000, and 2000 discrete graphics deliver the performance creative professionals need for demanding tasks. From rendering 3D models to applying advanced filters and handling high-resolution imagery, these GPUs provide the processing power to keep workflows smooth and efficient.
