

ThinkPad T14s Gen 5

Harnessing the power of the Intel® Core™ Ultra 7 Processor, this new-generation ThinkPad is engineered for unparalleled multitasking capabilities. Whether you're working on graphic-intensive applications or a massive cloud-based database, the integrated Intel Arc Graphics effortlessly handles every workload with ease. With up to 64GB of memory, professionals dealing with substantial data volumes are sure to experience smooth transitions between tasks without any lags. Weighing just 1.24 kg (2.73 lbs) and featuring a battery that lasts up to 15.2 hours, this design marvel is the perfect fit for today's hybrid workforce.

Redefining possibilities with powerful performance and groundbreaking on-device AI

ThinkPad T series laptops offer professional-grade durability, powerful performance with good processors, ample memory, and fast SSD storage. They feature robust security features and long battery life for productivity on-the-go.

The device includes a range of smart features dedicated to enhancing your collaborative endeavors. The Dolby Audio stereo speakers provide a more engaging and richer auditory experience, while the dual-array microphones capture clearer audio by reducing background noise during real-time web conferences.

Experience unmatched download speeds and enhanced performance with the onboard Intel® Wi-Fi 7 feature. Additionally, a range of I/O ports, including USB-C 3.2 Gen 1, Thunderbolt 4, and HDMI 2.1, facilitate rapid connectivity to external monitors and peripherals.

With a starting weight of just 1.24 kg (2.73 lbs), this compact and versatile ThinkPad is the perfect companion for any bag or office space.
